Arena F1 Series

Lisianthus grandiflorum

A wonderful palet of colours in Arena serie

*Light required -Germination
temperature 20-22°C*

*Days to germinate
20-25 days*

*Stem length
70-90 cm*

Introducing new colours every year, the Arena series now totals 24 varieties, giving more choices for growers, florists and consumers.

Selected for its high quality and fully double flowers on strong and sturdy stems.

Thick petals help transportability and large buds on the top increase the attractive character of the stems.

Arena III Pink may have less doubleness under high temperature conditions during flower bud formation stage.
